

# Cultural Week

This week we have been very busy learning about all the cultures in our school.

We started on Monday by sharing where our families are from and looking at what different cultures there are. We even had a visit from Abeeha's mum to talk to us about Ramadan; it was really interesting learning all about her family's culture - thank you for coming in!

For the rest of the week in Gold Class, we looked at Poland. We learnt how to sing 'head, shoulders, knees and toes' in Polish and even learnt how to say a few words.

The Poland flag is my favourite colour in the world because it is red and white and we all learned how to speak Polish.

We made the Polish flag and learnt about the capital city Warsaw.

**On Friday, our parents came in to share our learning! We loved being able to share what we had learnt and showed them around our classroom.**

**Finally, we displayed all our learning in the school hall for everyone to see.**
