National Measurement Programme, Thursday 19 January 2023- Year 6

The School Nursing Service routinely visits schools as part of the Healthy Child Programme and to support with the National Child Measurement Programme. The team will measure your child's height and weight. You will be informed of the results of the measurements and these will be recorded onto

your child's electronic health records, which can be seen by your GP and other health professionals, such as the audiology service.

- If you are happy for the School Nurse team to see your child you do not need to do anything.
- If you do not want the nurse to measure your child, please inform school office in writing.

I would like to take this opportunity to wish everyone a wonderful weekend.

Kind regards

James Edwards

Headteacher
