

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Houghton Regis Primary School
Number of pupils in school	297
Proportion (%) of pupil premium eligible pupils	13.8%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2022 (to 2024-2025)
Date this statement was published	1/03/22
Date on which it will be reviewed	7/07/22
Statement authorised by	James Edwards
Pupil premium lead	Teresa White
Governor lead	Nicola Griggs

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£ 51,1110
Recovery premium funding allocation this academic year	£ 2,713
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£ 0
Total budget for this academic year	£ 53,823

Part A: Pupil premium strategy plan

Statement of intent

Our intent for disadvantaged Houghton Regis pupils is for them to have the best possible educational opportunities and life chances. We strive for their opportunities progress and attainment to be at least as good as the most affluent pupils in our community. Our school ethos and motto underlines this intent with our focus on inclusivity and nurture of all pupils.

“Where Everyone Matters and Every Day Counts”

“Nurturing every child, every day”

At Houghton Regis we believe that every child matters every day: childhood is not a dress rehearsal and our priority is for our pupils to love learning through an exceptional curriculum which is exciting and constantly developing. We are a values-based school where we provide a happy, safe, positive environment, which nurtures confidence, motivation, independence and personal success for all pupils. We are focused on the development of the whole child and our pupils’ progress and well-being is our core purpose at all times. We strive to provide the very best opportunities for the children in our school – academic, artistic, athletic, moral and spiritual regardless of their backgrounds, encapsulated in our vision statement above. We believe that young children learn best when taught using a holistic approach which embraces all subjects across the whole curriculum.

At Houghton Regis Primary, we provide a broad and balanced curriculum for all children, regardless of any disadvantage or challenge that they might face. We recognise the value and contribution that every child can make and are committed to offering an inclusive curriculum to ensure the best possible progress for all children, whatever their specific needs, abilities and background. Working with parents and carers, we strive to ensure that all children make good progress across the school, both socially and academically. We believe that with the right support and encouragement, all children can progress and achieve well at our school.

The ultimate objectives for our pupils who are in receipt of pupil premium are:

To ensure the attendance of pupils in receipt of pupil premium is at least in line with those of peers in school.

We know that children learn best when they attend school regularly. However, the attendance of the pupil premium group is lower than the attendance of those not in receipt of pupil premium. We will focus on encouraging attendance through meeting the well-being needs of pupils and families, by providing exciting learning including access to outdoor learning and forest school, and through our pupil premium champion and support governor to actively engage with families to encourage good attendance in school.

To continue to ensure the outcomes for pupils in receipt of pupil premium are at least in line with those of peers in school across the curriculum.

Quality-first teaching is supplemented by targeted academic support, integral to wider school plans for education recovery, to enable vulnerable learners and those pupils whose education has been worst affected (including non-disadvantaged pupils) to ‘close the gap’ in their achievement as a when required. Intervention may support social or emotional needs, as well as academic ones. The effectiveness of teaching and progress is regularly checked through pupil progress meetings and adjustments to provision made accordingly.

Ensure the well-being needs of all pupils in receipt of pupil premium funding are met to ensure they are on track to make or exceed expected progress and attainment.

At Houghton Regis Primary we know children must be ready to learn by ensuring their personal, social, emotional and developmental needs are met.

Our key guiding principle for our strategy plan is to immerse our disadvantaged pupils in high quality cultural, athletic, sporting, historical and artistic opportunities. This allows them many of the positive benefits that more affluent pupils receive from parents and carers in their day to day lives. This is coupled with our high quality learning and teaching that is available to all pupils.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attendance The attendance of disadvantaged pupils is below that of their peers and a greater proportion of this group are classed as persistent absentees.
2	Outcomes Historically disadvantaged pupils attending our school achieve less well than their peers. This can be seen in the historic data for our school in terms of end of KS1 and KS2 outcomes.
3	Weaker well-being and social/behavioural presentation Disadvantaged pupils’ emotional well-being and social/behavioural needs affect their ability to engage successfully with all aspects of school life, make progress and attain well. This is because they are less ready to learn than their more advantaged peers. They are less resilient_in times of challenge than their peers.

4	<p>Greater prevalence of SEND</p> <p>Historically and currently disadvantaged pupils at HRPS have a greater likelihood of also having particular needs. These include pupils with speech and language difficulties, ASD and behavioural needs.</p>
5	<p>Common Barriers in line with other geographical locations</p> <p>When making decisions about the use of the Pupil Premium grant, we are mindful of the common barriers to learning that disadvantaged children might face. These may include less support from home, weak language and communication skills, lack of access to enriching activities outside of school, and financial and behaviour challenges. These challenges are varied and nothing about a family or child is assumed before they start school. In making provision for the disadvantaged pupils, we recognise that not all pupils eligible for the grant are socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. Allocation of funding may be used to support any child in the school who has been legitimately identified as being socially disadvantaged. Our approach is to be responsive to common challenges and individual needs, rooted in robust diagnostic assessment.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>For the attendance of pupils in receipt of pupil premium is in line with those of peers, reducing the proportion classed as persistent absentees.</p>	<p>Close the gap between whole school attendance and pupils in receipt of pupil premium funding. (Currently 91.85%)</p> <p>Reduce proportion of pupils in receipt of pupil premium classed as persistent absentees (Aut 2021: pupils).</p>
<p>For the outcomes for pupils in receipt of pupil premium are at least in line with those of peers in school across the curriculum through ensuring high quality teaching is effectively in place, alongside targeted interventions.</p> <p>For all pupils in receipt of pupil premium, including those with SEND, make expected progress from their starting points.</p>	<p>Ensure that at least 70% of disadvantaged children in Year 1 pass their Phonics screening check.</p> <p>Ensure disadvantaged children as a group make at least 3 HfL steps of progress in Reading, Writing and Mathematics</p> <p>Ensure disadvantaged children as a group have a progress score (measured in HfL steps) that is in line or better than non-disadvantaged pupils</p>

For the well-being needs of all pupils in receipt of pupil premium funding to be met and to ensure they are ready for learning.	Children's well-being needs are met and supported to ensure they are attending school more regularly and able to access quality first teaching and targeted interventions where needed to support them in making progress.
For disadvantaged pupils to have priority in their attendance of after school activities, 'optional/out of hour's school trips,' sporting/team events and other cultural and sporting activities.	The percentage of disadvantaged pupils attending/participating in events is higher than their 'on role' percentage in the majority of instances.
For the percentage of disadvantaged pupils achieving 25 metres in the water to be in line with national expectations.	Disadvantaged pupils swim more regularly than other children. Disadvantaged pupils are able to swim competently and proficiently with at least three strokes over a length of 25 metres.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 20,304

Activity	Evidence that supports this approach	Challenge number(s) addressed
Small Classes	Throughout the year there have been three small groups for Years 6, 3 and 1. These groups contain fairly high proportions of disadvantaged pupils.	1,2,3,4
Introduction and training of Little Wandle Letters & Sounds to Key Stage 1 staff to support effective delivery of high-quality phonics and shared reading.	<p>Little Wandle Letters and Sounds Revised is now validated by DfE (June 2021,) Little Wandle Letters and Sounds Revised promotes children's engagement in learning through teacher energy and enthusiasm</p> <ul style="list-style-type: none"> •extensive interaction between teachers and children in lessons • generous praise and encouragement • building on and celebrating success. <p>Guided reading sessions are included in the scheme and this is supplemented by interventions and extra 1-1 reading practice sessions offered to disadvantaged pupils daily. Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension) particularly for disadvantaged pupils.</p>	2,4

<p>Enhancement of our maths teaching and curriculum planning in line with DfE, EEF and Herts for Learning Hub</p>	<p>The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches.</p> <p>https://www.ncetm.org.uk/teaching-for-mastery/mastery-explained/supporting-research-evidence-and-argument/#Notes</p> <p>https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1017683/Maths_guidance_KS_1_and_2.pdf</p> <p>The EEF guidance is based on a range of the best available evidence:</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/maths-ks-2-3</p>	<p>2</p>
<p>Improve the quality of social and emotional learning, embedded into routing educational practices and supported by professional development and training for staff. New PSHE scheme of work- JIGSAW</p>	<p>Alongside academic outcomes, social emotional learning interventions have an identifiable and valuable impact on attitudes to learning and social relationships in school.</p> <p>There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and later life (e.g. improved academic performance, attitudes, behaviour and relationships with peers).</p> <p>Jigsaw 3-11 offers a comprehensive Programme for Primary PSHE including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others.</p> <p>With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration and focus.</p>	<p>1,2,3,4,5</p>

--	--	--

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 25,019

Activity	Evidence that supports this approach	Challenge number(s) addressed
Reading	Evidence supports the fact regularly reading and exposure to quality real books boosts children’s reading and writing skills. Disadvantaged pupils at Houghton Regis Primary School benefit from 1:1 reading and guided reading sessions more frequently than their peers.	
Cooking Timetabled for small groups of pupils to access every week. Parents invited to sample food, opportunity for children to explain the recipe/method used - oracy skills.	Several distinct skill sets are involved in teaching the children how to cook: Understanding kitchen safety Understanding cooking vocabulary Identifying and using cooking tools Reading and following a recipe Preparing for cooking with an emphasis on savoury dishes, and how to apply the principles of healthy eating and good nutrition. We recognise that cooking is an important life skill that will help children to feed themselves and others healthy and affordably, now and in the future, potentially halting – and even reversing – the growth of diet-related illnesses.	1,2,3,4,5
One to one and small group interventions Establish small group Maths and English intervention for disadvantage pupils	EEF Toolkit guidance: https://educatinendowmentfoundation.org.uk/support-for-schools/school-improvement-planning/2-targeted-academic-support ‘Some pupils may require additional support alongside high-quality teaching in order to make good progress. The evidence indicates that small group and one to one intervention can be a powerful	2

falling behind age-related expectations	tool for supporting these pupils when they are used carefully’.	
Swimming - supporting disadvantaged pupils with funded sessions and swimming attire if required	Swimming and the national curriculum <p>Since 1994, swimming and water safety has been a statutory element of the national curriculum for physical education in England. This means that every 11-year old child should leave primary school with the skills to keep themselves safe while enjoying swimming with friends and family. Swimming is a vital life skill that is proven to boost both physical and mental wellbeing.</p> <p>We are committed to ensuring that every child who leaves our school is able to swim. Every child in KS2 has the opportunity to go every week, extra lessons for children who have not yet met the national curriculum expectation after core swimming lessons, will be offered in the Sumer Term. We also offer summer term swimming lessons for Year 2 children. This particularly supports disadvantaged pupils as it means they have less time to ‘full behind’ or become scared of water. The KS1 swimming provision supports building water confidence at an earlier age. Furthermore, in KS2 disadvantaged pupils benefit from ‘top up’ swimming lessons above the provision provided for all pupils.</p>	2,5
Developing Oracy skills in the children - Opportunities planned in every lesson for pupils to talk	<p>Children and young people experiencing disadvantage and poverty: Research consistently finds that children from low-income homes start school with lower language levels than their more advantaged peers, and these gaps grow as children move through school. Of the children who persistently experienced poverty, 75% arrive at school below average in language development. Around 50% of children in some areas of deprivation begin school with delayed language.</p> <p>https://oracy.inparliament.uk/why-oracy-matters</p>	2,3,5
Summer, Easter and October Schools These provide booster sessions for children during school holidays.		

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 11,935

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>School Trips</p> <ul style="list-style-type: none"> - Residential Costs - Funded sporting events - Music 	<p>We are mindful of wider pressures on some families and that enrichment opportunities which provide children with cultural capital are not affordable for all. As a school, we are fully committed to supporting our families and to reducing the impact of financial limitations. We supply funded sporting attire to enable disadvantaged pupils to participate in all activities.</p> <p>We fund places for school choir. The choir regularly perform in the community.</p> <p>We provide experiences for all children and these are funded for disadvantaged pupils e.g. Jeff Rich drumming.</p>	<p>1,2,3,5</p>
<p>Funded co-curricular clubs and opportunities i.e., ballet, football, gymnastics and taekwondo.</p>	<p>Disadvantage children have the first opportunity to join clubs. We fully fund their places. Over 50% of our disadvantaged children attend a co-curricular club. We supply funded sporting attire when required to enable disadvantaged pupils to participate in clubs.</p>	<p>2,5</p>
<p>Family Support Worker</p> <p>Pastoral support offered for vulnerable children and families – key support to ensure attendance is maintained and readiness to learn.</p> <ul style="list-style-type: none"> - Reintroduction of fines for unauthorised absence - Family drop ins 	<p>EEF Guidance about Wider strategies focusing on SEL, Well-being and Mental Health.</p> <p>https://educationendowmentfoundation.org.uk/support-for-schools/school-improvement-planning/3-wider-strategies</p>	<p>1,2,3</p>

<ul style="list-style-type: none"> - Attendance and monitoring meetings when needed - Well planned transition arrangement into EYFS to ensure nursery and parental engagement identifies 'at risk' pupils as, or before, they start school. 		
<p>Links with outside agencies</p>		

Total budgeted cost: £ 57,258

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account. Given this, please point to any other pupil evaluations undertaken during the 2020 to 2021 academic year, for example, standardised teacher administered tests or diagnostic assessments such as rubrics or scales.

If last year marked the end of a previous pupil premium strategy plan, what is your assessment of how successfully the intended outcomes of that plan were met?

Due to covid-19, there is not external data for the end of Y6 and due to enforced periods of school lockdown, teaching and interventions were disrupted in all areas to various degrees.

The majority of our disadvantaged pupils continued to attend school throughout which supported their learning and mitigated against detrimental impact, although they were not always able to benefit from targeted interventions as intended. Assessments were used effectively to identify gaps in learning and where possible, interventions were put in place. In the summer holidays there were headteacher and teacher-led additional catch-up sessions which targeted disadvantaged pupils and those with additional needs across the school. This helped close gaps in pupils' learning. Workbooks were purchased for all children, enabling revision of basic skills.

Despite the disruptions, quality first teaching in Maths and English was further strengthened by embedding HfL planning. Knowledge Organisers across the curriculum, identification of specific vocabulary and clear small learning steps all strengthened teaching for all pupils. Reading corners were added to classrooms and a reading spine created ensuring cultural capital for all children.

We continued to support our disadvantaged children to access wider cultural experiences. All pupils have been able to participate fully in all visits. Some pupils were helped with PE uniform and school uniform. Christmas hampers and gifts were given out to our most vulnerable families from local charities. Lunchtime meals were supplied through our catering service.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
Little Wandle Letters and Sounds	littlewandlelettersandsounds.org.uk
Teach through sport, improving behaviour and attainment with hard to reach boys	Directional CIC

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	
What was the impact of that spending on service pupil premium eligible pupils?	

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.

Additional Information

At Houghton Regis Primary school we offer a wide range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils are encouraged and supported to participate. We want all of our children to be able to swim by the time they leave Houghton Regis Primary because drowning is the third most common cause of accidental death in children. All children should have the opportunity to learn to swim and be taught how to stay safe in and around water. Many children learn to swim outside of school. But research has shown for many, school will be the only opportunity they have to learn these vital lifesaving skills. We offer the following opportunities every week:

Football Clubs and Gym Clubs across the key stages plus participation in competitive matches. Ballet/Baby Ballet, Taekwondo, Bike Club, Cooking, Homework Club, Swimming, Forest School activities.

We want to develop the 'whole' child and ensure our disadvantaged pupils experience an enriched curriculum. Studying cultural education and sports subjects, sparks creativity across the curriculum, encouraging our disadvantaged pupils to be inquisitive, disciplined and determined.
