

# The Very Hungry Caterpillar

In Silver Class, we have been sharing the story of The Very Hungry Caterpillar. We enjoyed taking part in a pretend caterpillar hunt and then we made a tally chart to represent the colours we found, which is displayed in our classroom. We used props from the story to help us act out the story. The children enjoyed making paper chain caterpillars, which helped to develop their fine motor skills. We even had our own caterpillars (that the children enjoyed watching turn into butterflies) that we then released in our paddock.

What a fantastic week in Silver Class.
