

## Walk to the Post Box March 2018

After making Mother's Day cards, we all took a walk to the post box to post the cards. The children listened to the different sounds around them such as trucks, people talking and cars. We also discussed what we could see all around us, especially the snow! The children recognised the local area and Morrisons! We crossed the road sensibly making them aware about road safety. We have already had so many positive comments from parents saying what a lovely idea it was.
